SYLLABUS FOR THE ACADAMIC SESSION 2022-2023	
SUBJECT-MATH	
CLASS- VIII	
April	**Rational Number**
May	**Exponents & Squares and square Roots**
June	**Cubes and cube roots & Polygons**
July	**Operations on Algebraic Expression & Quadrilaterals**
August	**Factorisation & Parallelograms**
September	**Linear Equation & Data Handling**
October	**Percentage & Three dimenional fig**
November	**Profit & loss,Construction of quadrilaterals & Probability**
December	**Compound Intrest & Direct and Inverse propertions**
January	**Time and Work & Volume and surface area of solids**
February	**Area of a trapezium & a polygon ,Introduction to coordinate Geometry**
	Line graphs , linear graphs & Pie charts & Playing with numbers
